EXPERIENCE

INFUSE, *Remote*

SEPTEMBER 2024 - PRESENT

My role involves creating and updating marketing materials such as PDFs, infographics, presentations, banner designs, emails for social networks, and landing pages. I also update basic HTML/CSS for email templates.

Freelance, *Remote*

OCTOBER 2023 - SEPTEMBER 2024

I specialize in creating designs for web and mobile applications, as well as websites, and I also create custom illustrations.

EDUCATION

Vasyl Stefanyk Precarpathian National University,
Interior Design — *Diploma Specialist*

SEPTEMBER 2014 - SEPTEMBER 2018

Studying interior design at university gave me a strong foundation in design principles, spatial planning, and aesthetics. I learned to create functional, appealing spaces, develop skills in 3D modeling, and understand lighting, color, and materials, along with client communication and project management.

Shift Nudge, Online — *UI Course*

OCTOBER 2022 - DECEMBER 2022

In this course, I learned the fundamentals of web design, such as typography, layout techniques, choosing colors, design direction, interface elements, and real-world tactics, all through a systematic process.

Projector Institute, Online — *UX Beginner*

JULY 2023 - OCTOBER 2023

During the practical sessions, I was selected as the lead of a design team, where I was responsible for communicating with stakeholders, proposing, implementing, and justifying the team's decisions. I applied my newly acquired skills to a real-world project, handling business challenges and feedback.

I also attended a career development webinar, met with an HR manager, and worked 1:1 with a mentor. Interactive online meetings helped me turn lecture knowledge into practical skills. I earned a certificate with distinction for completing assignments and successfully defending my course project.
